

Fardux A WellWise Group Company

Fardux Quality Policy Statement

Fardux Limited (The “Organisation”) aims to provide services of the highest quality and in compliance with the Clients specified requirements. It is also the objective of the Organisation to enhance its reputation and capabilities in order to gain wider recognition in its field of expertise. It recognises that genuine commitment to understanding the present and future needs of its Clients is essential to the achievement of these objectives and thus continually strives to ensure that the needs and reasonable expectations of the Clients are realised in the quality of the services it provides.

The Organisation operates a Quality Management System that has gained BS EN ISO 9001:2008 certification, including aspects specific to the supply of Data Acquisitions Systems to the international oil and gas business.

Fardux is committed to:

The development and improvement of the Quality Management System.

Continually improving the effectiveness of the Quality Management System.

Ensuring the needs and expectations of our customers are determined and fulfilled with the aim of achieving customer satisfaction.

Effective communication with our stakeholders.

Meeting our organisations relevant statutory and regulatory requirements.

Ensuring that Management Reviews are in place so that our quality objectives, reports and Internal Audit results are captured as a means of monitoring and measuring the processes and the effectiveness of the Quality Management System.

Ensuring the availability of resources.

The structure of the Quality Management System is defined in our Quality Manual. All personnel understand the requirements of our Quality Policy and abide with the contents of the Quality Manual. The Organisation constantly monitors its quality performance and implements improvements when appropriate. This Quality Policy is regularly reviewed in order to ensure its continuing suitability.
